Teachers are earnestly advised not to try this method with old specimen programmes. By doing so, they would work behind the rest of the P.U.S., and would not be able to follow the current programmes nor take the examinations which are an essential part of the method.

It is disastrous for any school to pick a few books from old programmes and attempt to work with them. The attempt would fail, because simple as the Regulations of the P.U.S. are each of them is *essential*, and a school in which the examinations are not taken is practically wasting time on the books and would do better work on whatever scheme it is at present following. (*On this head see the letter, Form E.*)
